LETTER TO THE SHAREHOLDERS

Dear Shareholders,

We saw a prolonged pandemic even in 2021 striking the Global and Indian economy back again. In India second and third wave's economic effect was significantly less than the full lockdown in 2020-21, but the health consequences were far more severe to continue with the economic uncertainty throughout the year.

Due to steadfast collective efforts from the Citizens and Govt. Of India, the third Covid-19 Omicron wave subsided by the end of Q3 2021. India's broad range of fiscal, monetary and health responses to the crisis supported recovery and, along with economic reforms, are helping to mitigate a longer-lasting adverse impact of the crisis. New infections have fallen significantly, vaccination rates have risen to surpass a billion doses and now with most of the restrictions being lifted, the country is on its way to normalcy.

As per official estimates, following a contraction of 7.3% in 2020-21, the Indian economy growth rate is estimated to be at 8.3–8.8% in 2021 - 22, citing a stronger-than-expected economic recovery from the impact of national lockdown of 2020 and the third wave of the Covid-19 pandemic in 2021. Indian economy expanded at a record high of 20.1% year-on-year in Q2 2021 and outperformed counterparts among key developing market economies from April to December 2021. During April-November 2021, the Index of Industrial Production (IIP) increased by 17.4% YoY, compared to a contraction of 15.3% in April-November 2020.

Although Indian economy is estimated to grow at 7.5-8% in the current fiscal year, the biggest challenge is going to be to return to a high growth trajectory. As the new financial year begins, there is greater uncertainty on this question, due to the ongoing geopolitical crisis which is fuelling a surge in global financial market volatility and commodity prices especially crude oil. Also the continuing global supply-side disruptions pose downside risks to the outlook. But in spite of the pessimistic scenario where high oil prices and supply distortions remain a drag on growth, India's indicators of macroeconomic stability imply that the Indian economy is well positioned to meet the challenges of 2022-23.

While I commenced with this annual letter describing the economic challenging landscape, I remain proud of what your company “**NRB Industrial Bearings Limited**” and our NIBL Team Members have achieved, collectively and individually in the fiscal year 2021-22. Throughout these past two challenging years, we never stopped doing all the best things we should be doing to serve all our stakeholders. It is clear that our constant investment in research and development to provide quality bearing solutions and ongoing skill development of our people is what enabled us to persevere in this turbulent economic times.

With the objective to strive for solid financial performance and relentless quest for excellence, your company NRB Industrial Bearings has delivered strong performance in fiscal 2021-22. Your company has generated revenue growth of 21 %, significantly exceeding the previous business volume, as well as setting numerous other records like highest ever domestic business and highest ever export business.

Our strong underlying performance, reflects the dedication, efficiency and exceptional ability of our talented NIBL team, who was focused on creating value that matters for all our stakeholders, despite the extreme challenges which came on the way due to the COVID-19 pandemic.

We are confident in our ability to continue to meet the expectations of all our stakeholders and consistently deliver on the promise of quality bearing solutions. As we approach the new fiscal year 2022 – 23 with confidence, we are excited about the new opportunities, and are convinced that NRB Industrial Bearing is in an excellent position to further strengthen its presence in the markets that we operate in.

Our vision is to be the leader in Friction Management in every market we serve, for the betterment of our customers, employees and shareholders. Our mission is to continuously create consistent value for our customers and supply chain partners that will maximize shareholder value and long-term earnings growth. And it is possible only if you maintain a healthy and vibrant company, which means understanding the needs and taking care of your customers, employees and communities.

I want to thank NIBL Team Members for their hard work and commitment to living our purpose of delivering superior shareholder value.

I also want to thank our customers, shareholders, partners and communities for their continued trust and support.

Devesh Sahney
Chairman & Managing Director
NRB Industrial Bearings Limited.

 - (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
 - (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- (iv) In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

SECRETARIAL AUDIT REPORT

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No. 9 of the Companies
(Appointment and Remuneration Personnel) Rules, 2014]

FOR THE FINANCIAL YEAR ENDED ON MARCH 31, 2022

To,
The Members,
NRB INDUSTRIAL BEARINGS LIMITED
15, Dhannur, Sir P. M. Road, Fort, Mumbai - 400001 IN

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate governance practice by M/s. NRB INDUSTRIAL BEARINGS LIMITED (hereinafter called "the Company"). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts / statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's Books, Papers, Minutes Books, Forms and Returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives in soft copies during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the financial year ended 31st March, 2022, ("During the year" or "during the Period") complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained and provided in soft copies by NRB INDUSTRIAL BEARINGS LIMITED ("the Company") as given in Annexure I, for the financial year ended on 31st March, 2022, according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder for specified sections notified and came into effect from 12th September, 2013 and sections and Rules notified and came into effect from 1st April, 2014 and amendments thereof;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Reserve Bank of India Act, 1934;
- (v) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment and Overseas Direct Investment ;
- (vi) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - a. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011 (to the extent applicable to the Company under regulation 30 of Disclosures under Regulation 30 of SEBI (Substantial Acquisition of Shares and Takeovers) Regulations, 2011);
 - b. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - c. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;
 - d. The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 notified on 28th October 2014 and; The Securities and Exchange Board of India (Share based Employee Benefits and sweat equity) Regulations, 2021 (not applicable to the Company during the Audit period);
 - e. The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008 and; The Securities and Exchange Board of India (Issue and listing of Debt Securities) Regulations, 2021(not applicable to the Company during the Audit period);
 - f. The Securities and Exchange Board of India (Registrar to an Issue and Share Transfer Agents) Regulations, 1993 (to the extent applicable to the Company during the Audit period), and

- g. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009 and; The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021 (not applicable to the Company during the Audit period);

I have also examined compliance with the applicable clause of the following:

- a. Secretarial Standards issued by The Institute of Company Secretaries of India and
- b. The Listing Agreements, entered into by the Company with Stock Exchanges and new SEBI (Listing Obligation and Disclosure Requirement) 2015, effective from 1st December, 2015.

During the financial year under report, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc.

I further report that:

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. During the year there was no change in the composition of the Board of Directors of the Company.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decision is carried through, while the dissenting members' views, if any, are captured and recorded as part of the minutes.

I further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

This report is to be read with my letter of even date which is annexed as Annexure II and forms an integral part of this report.

MANAGEMENT'S DISCUSSION AND ANALYSIS REPORT**I. Outlook/ Business Overview**

After the worst financial year 2020-21, Indian economy rebound with positive growth index in FY 2021-22. The economy started recovering with the easing of restrictions post lockdown, GDP growth is 8.5 per cent in FY 2021-22.

Economic reports indicates that the Indian economy is grown by 9 per cent in real terms in 2021-22, after a contraction of 7.3 per cent in 2020-21. This implies that overall economic activity has been recovered past the pre-pandemic levels. Almost all indicators show that the economic impact of the "second wave" in Q1 FY 2021-22 was much smaller than that experienced during the full lockdown phase in 2020-21, even though the health impact was more severe.

Agriculture and allied sectors have been the least impacted by the pandemic and the sector is grown by 3.9 per cent in 2021-22.

Indian economy is estimated to grow at around 8% in the current fiscal year, the biggest challenge is going to be to return to a high growth trajectory. As the new financial year begins, there is greater uncertainty on this question, due to the ongoing geopolitical crisis which is fuelling a surge in global financial market volatility and commodity prices especially crude oil. Also the continuing global supply-side disruptions pose downside risks to the outlook. But in spite of the pessimistic scenario where high oil prices and supply distortions remain a drag on growth, India's indicators of macroeconomic stability imply that the Indian economy is well positioned to meet the challenges of 2022-23.

During this phase of continuous evolving market dynamics and uncertainties, your company has focused on cost containment, optimum utilization of resources and restructured actions to address the new demand environment. And, thanks to our disciplined management process, we continue to deliver consistent performance even in the challenging conditions. Your company has registered 21% growth in FY 2021-22.

Indian bearing market is estimated at INR 110 billion. In terms of consumption, about 60% requirement is catered through domestic production while remaining is through imports.

In terms of demand dynamics, OEMs constitute 60% of demand whereas rest is driven by aftermarket and exports.

Industrial segment constitute approximately 55% of domestic bearing used in applications like general machines/motors, electrical equipment (fans/appliances) as well as heavy industries. Also, Indian bearing manufacturers derives sizeable share of their revenue from exports as well as aftermarket business.

Technology collaboration with reputed OEMs gives credibility to bearing manufacturers and acceptability to their products given similar level of quality control are followed in Indian unit as their counterparts/collaborators in overseas units.

The global bearing market is mature with a dynamic market demand closely related to engineering industry and capital goods.

Up gradation of existing products to optimize the performance and new development with combine solution offering is critical for profitable growth. Research and Development (R&D) shall play a vital role in new development and offering innovative bearing solutions.

INDEPENDENT AUDITOR'S REPORT

To The Members of NRB INDUSTRIAL BEARINGS LIMITED

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **NRB Industrial Bearings Limited** ("the Company"), which comprise the Balance Sheet as at 31 March 2022, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2022, and its loss, total comprehensive loss, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's report including annexures to the Director's Report, Management's Discussion and Analysis Report and Corporate Governance Report but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon.
- Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.

- e) On the basis of the written representations received from the directors as on 31 March 2022 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March, 2022 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended,

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company does not have any pending litigations which would impact its financial position.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv.
 - (a) The Management has represented that, to the best of its knowledge and belief, other than as disclosed in the notes to the standalone financial statements no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (b) The Management has represented, that, to the best of its knowledge and belief, other than as disclosed in the notes to the standalone financial statements, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub- clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
 - v. The Company has not declared or paid any dividend during the year and has not proposed final dividend for the year.
- 2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1 (f) under 'Report on Other Legal and Regulatory Requirements' of our report of even date to the members of NRB Industrial Bearings Limited on the standalone financial statements for the year ended 31 March 2022)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **NRB Industrial Bearings Limited** ("the Company") as of 31 March 2022 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected.

Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us referred to in the Other Matters paragraph below, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2022, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date to the members of NRB Industrial Bearings Limited on the standalone financial statements for the year ended 31 March 2022)

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

(i) Property, plant and equipment and Intangible Assets:

(a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment, capital work in progress and relevant details of right-of-use assets.

(B) The Company has maintained proper records showing full particulars of intangible assets.

(b) The Company has a program of verification of property, plant and equipment so to cover all the items once every three years, which, in our opinion, is reasonable having regards to the size of the Company and the nature of its assets. In accordance with the programme all the items of property, plant and equipment were physically verified during the previous period.

(c) According to the information and explanations given to us and the records examined by us and based on the examination of the registered title deed provided to us, we report that the title deed of the flat is held in the name of the Company as at the balance sheet date.

In respect of immovable property of building constructed on leasehold land, disclosed as Property, Plant and Equipment in the financial statements, the lease agreement has been pledged as security for loans, based on the confirmation directly received by us from Lenders, the lease agreement is in the name of the Company where the Company is lessee in the agreement.

(d) The Company has not revalued any of its property, plant and equipment (including right-of-use assets) and intangible assets during the year.

(e) No proceedings have been initiated during the year or are pending against the Company as at 31 March 2022 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.

(ii) Inventories:

(a) The inventories except for goods-in-transit and stocks held with third parties were physically verified during the year by the Management at reasonable intervals. In our opinion and based on information and explanations given to us, the coverage and procedure of such verification by the Management is appropriate having regard to the size of the Company and the nature of its operations. For stocks held with third parties at the year-end, written confirmations have been obtained and in respect of goods in transit, the goods have been received subsequent to the year end. No discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories/alternate procedures performed as applicable, when compared with the books of account.

(b) According to the information and explanations given to us, the Company has been sanctioned working capital limits in excess of Rs. 5 crores, in aggregate, at points of time during the year, from bank on the basis of security of current assets. In our opinion and according to the information and explanations given to us, the quarterly returns or statements comprising stock statements and book debt statements filed by the Company with such bank are in agreement with the unaudited books of account of the Company of the respective quarters and no material discrepancies have been observed.

(iii) Loans, Investments etc:

The Company has not made any investments in, provided any guarantee or security, and granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year, and hence reporting under clause (iii) of the Order is not applicable.

(iv) Section 185 and 186:

The Company has not granted any loans, made investments or provided guarantees or securities and hence reporting under clause (iv) of the Order is not applicable.

(v) Public Deposits:

The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause (v) of the Order is not applicable.

(vi) Cost Records:

The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013. We have broadly reviewed the books of account maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained by the Company. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

(vii) Statutory dues:

According to the information and explanations given to us, in respect of statutory dues:

- (a) Undisputed statutory dues, including Goods and Services tax, Provident Fund, Employees' State Insurance, duty of Custom, Cess and other material statutory dues applicable to the Company have generally been regularly deposited by it with the appropriate authorities though there has been a delay in respect of remittance of Income tax and Profession tax dues.

There were no undisputed amounts payable in respect of Goods and Services tax, Provident Fund, Employees' State Insurance, Income-tax, duty of Custom, Cess and other material statutory dues in arrears as at 31 March, 2022 for a period of more than six months from the date they became payable.

- (b) There are no statutory dues referred in sub-clause (a) above which have not been deposited on account of disputes as on 31 March 2022.

(viii) Undisclosed Income:

There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income-tax Act, 1961 (43 of 1961) during the year.

(ix) Borrowings:

- (a) Loans amounting to Rs. 4,334.15 Lakhs outstanding as at 31 March 2022 are repayable on demand and terms and conditions for payment of interest thereon have not been stipulated. According to the information and explanations given to us, such loans and interest thereon have not been demanded for repayment during the financial year. In our opinion, the Company has not defaulted in the repayment of loans or in the payment of interest thereon during the year.

In our opinion other than mentioned above, the Company has not defaulted in the repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.

- (b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
- (c) To the best of our knowledge and belief, in our opinion, term loans availed by the Company were, applied by the Company during the year for the purposes for which the loans were obtained.
- (d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.
- (e) The Company has not made any investment in or given any new loan or advances to any of its associates during the year and hence, reporting under clause (ix)(e) of the Order is not applicable.
- (f) The Company has not raised loans during the year on the pledge of securities held in its associate companies.

(x) Issue of securities:

- (a) The Company has not issued any of its securities (including debt instruments) during the year and hence reporting under clause (x)(a) of the Order is not applicable.
- (b) During the year the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause (x)(b) of the Order is not applicable to the Company.

(xi) Fraud:

- (a) To the best of our knowledge, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
- (b) To the best of our knowledge, no report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
- (c) As represented to us by the Management, there were no whistle blower complaints received by the Company during the year.

(xii) Nidhi company:

The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.

(xiii) Related parties:

In our opinion, the Company is in compliance with section 177 and 188 of the Companies Act, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards.

(xiv) Internal audit:

- (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- (b) We have considered, the internal audit reports issued to the Company during the year and covering the period upto 31 March 2022 for the period under audit.

(xv) Non-cash transactions

In our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its directors or persons connected with him and hence provisions of section 192 of the Companies Act, 2013 are not applicable.

(xvi) 45-IA:

- (a) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause (xvi)(a), (b) and (c) of the Order is not applicable.
- (b) The Group does not have any CIC as part of the group and accordingly reporting under clause (xvi)(d) of the Order is not applicable.

(xvii) Cash loss:

The Company has not incurred cash losses during the financial year covered by our audit and in the immediately preceding financial year.

(xviii) Resignation of statutory auditors:

There has been no resignation of the statutory auditors of the Company during the year.

(xix) Ability to pay liabilities:

On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) CSR unspent amount:

The Company was not having net worth of Rs. 500 Crore or more, or turnover of Rs. 1,000 Crore or more or a net profit of Rs. 5 Crore or more during the immediately preceding financial year and hence, provisions of Section 135 of the Act are not applicable to the Company during the year. Accordingly, reporting under clause 3(xx)(a) and (b) of the Order is not applicable for the year.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

1 Corporate information

NRB Industrial Bearings Limited (the Company) was incorporated on 24th day of February, 2011 as a Private Limited Company under the provisions of the Companies Act, 1956 (the 1956 Act). On the acquisition of equity shares of the Company on 4th November, 2011 by NRB Bearings Limited, a public limited company, the Company in terms of Section 3 (1) (iv) (c) of the 1956 Act became a Public Limited Company and the name of the Company was changed from "NRB Industrial Bearings Private Limited" to "NRB Industrial Bearings Limited".

The Scheme of Arrangement (the Scheme) for the transfer of Industrial Bearings Undertaking of NRB Bearings Limited (NRB) to the Company under section 391 to 394 read with section 100 to 103 of the Companies Act, 1956 was sanctioned by the Hon'ble High Court of Judicature, Bombay on 24th August 2012. The Scheme, which has become operative from 25th September, 2012 upon filing of the certified copies of the Orders of the Hon'ble High Court with the Registrar of Companies became effective from 1st October, 2012 (the Appointed Date). Pursuant to the Scheme, with effect from the Appointed date the Industrial Bearings Undertaking of NRB is transferred and vested in the Company as a going concern, with all its assets, liabilities, properties, rights, benefits and interest therein subject to existing charges thereon.

In terms of the Scheme, in consideration of the transfer and vesting of the Industrial Bearings Undertaking of NRB, in respect of every 4 equity shares of Rs. 2 each, held by the shareholders of NRB, 1 equity share of Rs. 2 each fully paid up aggregating 24,230,650 equity shares have been issued and allotted on 31st October, 2012, to the shareholders of NRB whose names appeared in the Register of Members, as on 25th October, 2012, being the record date.

All the staff, workmen and employees of Industrial Bearings Undertaking of NRB in service as on 1st October, 2012 have become staff, workmen and employees of the Company without any break in their service.

In terms of the Scheme, the Company recorded all the assets and liabilities pertaining to the Industrial Bearings Undertaking, at the respective book values appearing in the books of NRB as on the Appointed Date. The Company credited to its share capital account, the aggregate face value of the equity shares issued by it pursuant to the Scheme. The difference of Rs. 5,700.16 lakhs between excess of net assets and the amount credited as share capital after adjusting

the cancellation of existing share capital of the Company held by NRB has been credited to Capital Reserve. The equity shares allotted have been listed on the Bombay Stock Exchange and the National Stock Exchange on 9th April, 2013.

The Company is engaged in the business of manufacturing and selling of all types of industrial bearings.

The address of its registered office is 2nd floor, Dhannur building, 15, Sir P.M. Road, Fort, Mumbai – 400 001, Maharashtra, India.

The Company has formal Plan for improving profitability of the Company, which mainly includes increase in sales and reduction in operating expenses which are based on board approved projections. Based on the above and commitment of financial support from its promoter director to meet financial obligations as they fall due over the next twelve months, the financial statement of the Company are prepared on a going concern basis.

2 Significant accounting policies**a. Statement of compliance and Basis of preparation and presentation**

These financial statements are the separate financial statements of the Company prepared in accordance with Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013 read together with the Companies (Indian Accounting Standards) Rules, 2015 (as amended).

All values are rounded off to the nearest lakhs.

The financial statements are presented in Indian currency (INR) which is the Company's functional and presentation currency.

The financial statements were approved for issue by the board of directors on May, 24 2022.

The financial statements have been prepared on an accrual basis under the historical cost convention except for certain financial instruments which have been measured at fair value at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for leasing transactions that are within the scope of Ind AS 17, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

For financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;

Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and Level 3 inputs are unobservable inputs for the asset or liability.

All assets and liabilities are classified as current if it is expected to realise or settle within twelve months from the Balance Sheet date.

b. Property, plant and equipment

Property, plant and equipment are stated at cost of acquisition, including any attributable cost for bringing the asset to its working condition for its intended use less accumulated depreciation and less accumulated impairment, if any. Cost includes financing cost relating to borrowed funds attributable to the construction or acquisition of qualifying tangible assets upto the date the assets are ready for use.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Gains or losses arising from derecognition of property, plant and equipment are measured as the difference between the net

disposal proceeds and the carrying amount of the asset and are recognized in the Statement of profit or loss when the asset is derecognized. The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Depreciation on tangible property, plant and equipment is calculated on straight line basis based on the useful life in accordance with part C of schedule II of the Companies Act, 2013 other than the following assets class for which useful life has been determined based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, etc.

	Assets	Useful life in years
a)	Plant and Machinery	20
b)	Furniture and Fixtures	15
c)	Electrical Installations	20
d)	Computers	6
e)	Vehicles	10

c. Intangible assets acquired separately

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses, if any. Amortisation is recognised on straight line basis over their estimated useful life of 6 years. The estimated useful lives and amortisation method are reviewed at the end of each reporting period, with the effects of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment loss.

d. Impairment of assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in Statement of profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in Statement of profit or loss.

e. Foreign currencies

In preparing the financial statements of the Company, transactions in currencies other than the Company's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions or at rates that closely approximate the rate at the date of the transaction. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated. Exchange differences on monetary items are recognised in the Statement of profit or loss in the period in which they arise.

f. Inventories

Inventories are valued at lower of cost (on weighted average basis) and the net realizable value. Cost comprises of all costs of purchase, conversion and other costs incurred in bringing the inventories to their present location and condition.

Costs of conversion and other costs are determined on the basis of standard cost method adjusted for variances between standard costs and actual costs.

Net realizable value represents estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

g. Revenue recognition

Revenue is measured based on transaction price, which is the fair value of the consideration received or receivable, stated net of discounts, returns and goods and service tax. Transaction price is recognised based on the price specified in the contract, net of the estimated sales incentives/ discounts.

Sale of goods

Revenue from contract with customers is recognised when the Company satisfies performance obligation by transferring promised goods to the customer. Performance obligations are satisfied at the point of time when the customer obtains controls of the asset.

Sale of services

Sale of services are recognised at a point in time.

Dividend and interest income

Dividend income from investments is recognised when the shareholder's right to receive payment has been established. Interest income is accounted on time proportionate basis.

Rental income

The Company's policy for recognition of revenue from operating leases is described in note 2 h. below.

h. Leasing

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

The Company as lessor

When the Company acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

The Company recognises lease payments received under operating leases as income on a straight-line basis over the lease term as part of 'other income'.

The Company as lessee

At inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. The Company recognises a right-of-use asset and a lease liability at the lease commencement date except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the lease payments associated with these leases are recognised as an expense on a straight-line basis over the lease term. Lease term is a non-cancellable period together with periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option.

The right-of-use asset is initially measured at cost at the commencement date. At the commencement date, the lease liability is measured at the present value of the lease payments that are not paid at that date. The lease payments are discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. The Company uses its incremental borrowing rate as the discount rate.

After the commencement date, the right-of-use asset is measured at cost less any accumulated depreciation and any accumulated impairment losses, and the lease liability is measured by (i) increasing the carrying amount to reflect interest on the lease liability; (ii) reducing the carrying amount to reflect the lease payments made; and (iii) remeasuring the carrying amount to reflect any reassessment or lease modifications, or to reflect revised in-substance fixed lease payments.

Transition to Ind AS 116:

The Company has adopted Ind AS 116 using the modified retrospective approach with effect from initially applying this standard from April 1, 2019.

The Company has adopted modified retrospective approach where lease liability measured at present value of remaining lease payment discounted at the incremental borrowing rate at the date of initial application and right to use asset is equal to lease liability adjusted by the amount of any prepaid or accrued lease payments. The Company has paid the entire lease premium for the lease hold land as a result of which there is no corresponding Lease liability against the Right-of-Use asset. The effect of adoption of Ind AS 116 on the loss for the year and earnings per share is not significant. The nature of expenses in respect of operating leases has changed from lease rent, included in other expenses, in previous year to depreciation cost for the right-to-use asset.

i. Employee benefits**Retirement benefit costs and termination benefits:**

Payment to defined contribution retirement benefit plans are recognised as an expense when employees have rendered service entitling them to the contributions.

Contributions to Provident and Family Pension Fund and Superannuation scheme, a defined contribution plan are made as required by the statute and expensed in the Statement of profit or loss.

For defined benefit retirement plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurement, comprising actuarial gains and losses is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognised in the other comprehensive income is reflected immediately in retained earnings and is not reclassified to Statement of profit or loss. Past service cost is recognised in Statement of profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the defined benefit

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

liability. Defined benefit costs are categorised as follows

- service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- net interest expense or income; and
- remeasurement

The Company presents the first two components of defined benefit costs in the Statement of profit or loss in the line item "Employee benefits expense". Curtailment gains and losses are accounted for as past service cost.

The retirement benefit obligation recognised in the balance sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

A liability for the termination benefit is recognized at the earlier of when the entity can no longer withdraw the offer of the termination benefit and when the entity recognizes any related restructuring costs.

Short-term and other long-term employee benefits:

Liabilities recognized in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange of related service.

Liabilities recognized in respect of other long-term employee benefits are measured at present value of the estimated future cash outflows expected to be made by the company in respect of services provided by employee upto the reporting date.

j. Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is

deducted from the borrowing costs eligible for capitalisation. All other borrowing costs are recognised in profit or loss in the period in which they are incurred. Costs in connection with the borrowing of funds to the extent not directly related to the acquisition of qualifying assets are charged to the Statement of Profit and Loss over the tenure of the loan.

k. Taxes on Income

Income Tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the Statement of profit or loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses could be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on the tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022**Current and deferred tax for the year:**

Current and deferred tax are recognized in the Statement of Profit or Loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

l. Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

m. Earnings Per Share

Basic earnings per share is computed by dividing the profit / (loss) after tax available for equity shareholders by the weighted average number of equity shares outstanding during the period.

n. Cash and cash equivalents:

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

o. Cash Flow Statement :

Cash flows are reported using the indirect method, whereby profit/ (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

q. Financial instruments

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than

financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of profit or loss.

Financial assets:

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace. All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Investments in associates

The Company accounts for its investments in associates at cost less accumulated impairment, if any.

Impairment of financial assets:

The Company applies the expected credit loss model for recognising impairment loss on financial assets. With respect to trade receivables, the Company measures the loss allowance at an amount equal to lifetime expected credit losses. Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

Derecognition of financial assets:

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in the Statement of profit or loss if such gain or loss would have otherwise been recognised in the Statement

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

of profit or loss on disposal of that financial asset.

Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all its liabilities. Equity instrument issued by the Company are recognised at the proceeds received, net of direct issue costs. Repurchase of the Company's own equity instrument is recognised and deducted directly in equity. No gain or loss is recognised in the Statement of profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

Compound financial instruments

The component parts of compounded financial instruments (non-convertible preference shares) issued by the Company are classified separately as financial liabilities and equity in accordance with the substance of the contractual arrangements and the definitions of financial liability and an equity instrument.

At the date of issue, the fair value of liability component is estimated using the prevailing market interest rate for similar non-convertible instruments. This amount is recognised as a liability on an amortised cost basis using the effective interest method until extinguished at the instrument's maturity date.

Equity is determined by deducting the amount of the liability component from the fair value of the compound financial instrument as a whole. This is recognised and included in equity, and is not subsequently remeasured.

Transaction costs that relate to the issue of the instrument are allocated to the liability and equity components in proportion to the allocation of the gross proceeds. Transaction costs relating to the equity component are recognised directly in equity. Transaction costs relating to the liability component are included in the carrying amount of the liability component and are amortised over the lives of the instrument using the effective interest method.

Financial Liabilities

All the financial liabilities are subsequently measured at amortised cost using the effective interest method or at fair value through profit or loss, depending on the classification of the financial liabilities.

Derecognition of financial liabilities:

The Company derecognises financial liabilities when, and only when, the Company's obligation are discharged, cancelled or have expired. An exchange between the lender of debt instrument with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the term of an existing liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the Statement of profit or loss.

Derivative financial instruments:

The Company enters into derivative contracts to manage its exposure to foreign exchange rate risk and interest rate risk, including call spread currency option and interest rate swap.

Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in the Statement of profit or loss immediately.

3 Use of estimates and judgments

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses etc. at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

In particular, information about significant areas of estimation uncertainty and critical judgments in applying

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

accounting policies that have the most significant effect on the amounts recognized in the financial statements are included in the following notes:

Note No.2.b	Property, plant & equipment
Note No.2.c	Intangible assets acquired separately
Note No.2.i	Employee benefits

4 Estimation of uncertainties relating to the global health pandemic from COVID-19 (COVID-19):

The COVID 19 spread has severely impacted businesses around the world. In many countries, including India, there has been severe disruption to regular business operations due to lock down restrictions and other emergency measures imposed by the Government. The Company has resumed its business operations in a phased manner as per Government directives. The Company has made a detailed assessment of its liquidity position for one year and of the recoverability and carrying value of its assets including Property, Plant and Equipment, Trade Receivables, Inventory and Investments as at the Balance Sheet date, and has concluded that there are no material adjustments required in the Financial Statements for the year ended March 31, 2022.

(a) Trade Receivables :

In assessing recoverability of trade receivables, the Company has considered subsequent recoveries, past trends, credit risk profiles of the customers based on their industry, macroeconomic forecasts and internal and external information available up to the date of issuance of these financial statements to estimate the probability of default in future and has taken into account estimates of possible effect from the pandemic relating to COVID-19.

(b) Inventories :

In assessing the recoverability of inventories, the Company has considered the latest selling prices, customer orders on hand and margins adjusted to reflect current and estimated future economic conditions also taking into account estimates of possible effect from the pandemic relating to COVID-19.

The physical verification of inventories is conducted by the Management during the year at reasonable intervals (quarterly intervals).

(c) Revenue from Contracts with Customers:

The Company has evaluated the impact of COVID-19 resulting from (i) the possible constraints to continue its operations and revisions in costs to

fulfill the pending obligations (ii) onerous obligations (iii) penalties, if any, relating to breaches of agreements and (iv) termination or deferment of contracts by customers. The Company has concluded that the impact of COVID-19 is not material based on these estimates. Due to the nature of the pandemic, the Company will continue to monitor developments to identify significant uncertainties relating to revenue in future periods.

Management believes that it has taken into account all the possible impact of known events arising from COVID 19 pandemic in the preparation of the Financial Statements for the year ended March 31, 2020. However, the estimated impact of global health pandemic might vary from the date of approval of these financial statement and the Company will continue to monitor any material changes to future economic conditions.

5 Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time.

On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, as below:

Ind AS 16 – Property Plant and equipment - The amendment clarifies that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2022. The Company has evaluated the amendment and there is no impact on its financial statements.

Ind AS 37 – Provisions, Contingent Liabilities and Contingent Assets – The amendment specifies that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2022, although early adoption is permitted. The Company has evaluated the amendment and the impact is not expected to be material.

Note 30:

Consequent to the demise of Mr. Trilochan Singh Sahney ("TSS") in 2018, his WILL has been probated. According to the Will, Mrs. Hanwantbir Kaur Sahney is sole executrix and having lifetime interest.

During the year, the Company received the communication of the Probate of the WILL. As per the WILL, subject to the life interest of the Executrix:

- a. The redeemable cumulative non-convertible preference shares ("Preference Shares") and the unsecured interest free loan from TSS will be distributed amongst the beneficiaries as mentioned in the WILL.
- b. The Company has received certain communication pertaining to transmission (of the Preference Shares) and transfer (of the unsecured interest free loan), from the representatives of the Executrix of the estate of Mr. TSS and has received communication from beneficiary that the matter as per (a) above is under discussion with the Executrix.

Accordingly, as at March 31, 2022, the name of TSS is still appearing in books of accounts

Note 35 : Employee Benefits

Brief description of the Plans:

1) Defined contribution plans :

a) Provident and Family Pension Fund

The eligible employees of the company are entitled to receive post employment benefits in respect of provident and family pension fund, in which both employees and the company make monthly contributions at a specified percentage of the employees' eligible salary (currently 12% of employees' eligible salary). The contributions are made to the Regional Provident Fund Commissioner. Provident Fund and Family Pension Fund are classified as Defined Contribution Plans as the company has no further obligations beyond making the contribution

b) Superannuation

The eligible employees of the company are entitled to receive post employment benefits in respect of superannuation scheme, in which the company makes quarterly contributions at 15% of employees' eligible salary. Superannuation scheme is classified as Defined Contribution Plan as the Company has no further obligations beyond making the contribution.

The Company has recognized, in the Statement of profit and loss for the year, an amount of Rs. 97.69 lakhs (March 31, 2021 Rs. 78.94 lakhs) as expenses under defined contribution plans.

(Rs. in lakhs)

Benefit (Contribution to)	Year ended March 31, 2022	Year ended March 31, 2021
i) Employer's Contribution to Provident Fund	39.73	30.09
ii) Employer's Contribution to Family Pension Fund	37.02	30.54
iii) Employer's Contribution to Superannuation Fund	20.95	18.31
Total	97.69	78.94

2) Defined Benefit Plans : (Gratuity Funded)

The Company has an obligation towards gratuity, a funded defined benefit retirement plan covering eligible employees. The plan provides for lump sum payment to vested employees at retirement, death while in employment or on termination of the employment of an amount equivalent to 15 days salary, as applicable, payable for each completed year of service, without any payment ceiling. Vesting occurs upon completion of five years of service.

Nature of benefits:

The gratuity benefits payable to the employees are based on the employee's service and last drawn salary at the time of leaving. The employees do not contribute towards this plan and the full cost of providing these benefits are met by the Company.

Regulatory framework:

There are no minimum funding requirements for a gratuity plan in India. The trustees of the gratuity fund have a fiduciary responsibility to act according to the provisions of the trust deed and rules. Since the fund is income tax approved, the Company and the trustees have to ensure that they are at all times fully compliant with the relevant provisions of the income tax and rules. Besides this if the Company is covered by the Payment of Gratuity Act, 1972 then the Company is bound to pay the statutory minimum gratuity as prescribed under this Act.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022
Governance of plan:

The Trust established for the purpose, has arrangement with Insurance Company (currently HDFC Standard Life Insurance Company Limited and Kotak Life Insurance Company Limited) for future payments of gratuities on behalf of the Trust.

Inherent risk

The plan is of a final salary defined benefit in nature which is sponsored by the Company and hence it underwrites all the risks pertaining to the plan. In particular, there is a risk for the Company that any adverse salary growth or demographic experience or inadequate returns on underlying plan assets can result in an increase in cost of providing these benefits to employees in future. Since the benefits are lump sum in nature the plan is not subject to any longevity risks.

The most recent actuarial valuation of the present value of the defined benefit obligation was carried out at March 31, 2022 by an independent actuary. The present value of the defined benefit obligation, and the related current service cost and past service cost, were measured using the projected unit credit method.

A. Principal actuarial assumptions used:

Particulars	Year ended March 31, 2022	Year ended March 31, 2021
Discount Rate	6.98% p.a.	6.44% p.a.
Expected return on plan assets	6.98% p.a.	6.44% p.a.
Salary escalation rate	5.00% p.a.	5.00% p.a.
Attrition rate	7.45 % p.a	8.00 % p.a
Mortality Rate During Employment	Indian Assured Lives Mortality (2012-14) (Urban)	Indian Assured Lives Mortality (2006-08) (Ultimate)

The estimate of future salary increases, considered in actuarial valuation, takes account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022
H. Sensitivity Analysis

Gratuity is a lump sum plan and the cost of providing these benefits is typically less sensitive to small changes in demographic assumptions. The key actuarial assumptions to which the benefit obligation results are particularly sensitive to are discount rate and future salary escalation rate. The following table summarizes the impact on the reported defined benefit obligation at the end of the reporting period arising on account of an increase or decrease in the reported assumption by 100 basis points.

These sensitivities have been calculated to show the movement in defined benefit obligation in isolation and assuming there are no other changes in market conditions at the accounting date. There have been no changes from the previous periods in the methods and assumptions used in preparing the sensitivity analyses.

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is: (Rs. in lakhs)

Principal assumptions	Year	Changes in assumption	Impact on defined benefit obligation	
			Increase in assumption	Decrease in assumption
Discount rate	2022	1%	(14.85)	16.94
	2021	1%	(12.83)	14.69
Salary escalation rate	2022	1%	17.11	(15.24)
	2021	1%	14.75	(13.11)

The above sensitivity analyses are based on change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

I. Expected future benefits payable - Maturity profile of defined benefit obligation (Rs. in lakhs)

Projected Benefits Payable in Future Years From the Date of Reporting	Estimated as at March 31, 2022	Estimated as at March 31, 2021
1st Following Year	22.98	17.85
2nd Following Year	19.94	17.37
3rd Following Year	24.25	18.55
4th Following Year	20.23	19.54
5th Following Year	19.36	16.50
Sum of Years 6 to 10	147.50	119.94
Sum of Years 11 and above	181.87	140.92

J. Other Disclosures

- The weighted average duration of the obligations as at March 31, 2022 is 8 years (March 31, 2021: 8 Years).
- The Company expects to contribute Rs. 49.63 lakhs to the plan during financial year 2022-23.

Note 36 : Segment information

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker ("CODM") of the Company. The CODM, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Managing Director and Chief Financial Officer of the Company. The Company operates only in one Business Segment i.e. industrial bearings, hence does not have any reportable Segments as per Ind AS 108 "Operating Segments".

Note 39 : Capital management and Risk management**I Capital Management**

The Company's capital management strategy is to effectively determine, raise and deploy capital so as to create value for its shareholders. The same is done through a mix of either equity and/or preference and/or combination of short term /long term debt as may be appropriate.

The Company determines the amount of capital required on the basis of its product, capital expenditure, operations and strategic investment plans. The same is funded through a combination of capital sources be it either equity and/or preference and/or combination of short term/long term debt as may be appropriate.

II Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk . In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

A CREDIT RISK

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables).

Trade receivables

Customer credit risk is managed as per the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on payment performance over the period of time. The Company's exposure of its customers are continuously monitored based on the customer's past performance and business dynamics. Credit exposure is controlled by customer's credit limits that are reviewed and approved by the management at regular intervals.

An impairment analysis is performed at each reporting date. The Company applies the simplified approach to providing for expected credit losses prescribed by Ind AS 109, which permits the use of the lifetime expected loss provision for all trade receivables. The Company has computed expected credit losses based on a provision matrix which uses historical credit loss experience of the Company and where applicable, specific provisions are made for individual receivables.

B LIQUIDITY RISK**(i) Liquidity risk management**

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by way of banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows. To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the Company may be required to pay.

Interest Rate sensitivity

Interest rate risk is the risk that the fair value of future cash flows of a financial instruments will fluctuate because of changes in market interest rate. As at March 31, 2022 and as at March 31, 2021 the Company does not have significant interest rate risk as the Company's debt obligations are with fixed interest rates.

C Market Risks

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. The Company uses derivatives to manage any significant market risks. Derivatives are only used for economic hedging purposes and not as speculative investments. All such transactions are carried out within the guidelines set by the Board of Directors.

(i) Currency Risk

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. The Company's exposure to currency risk relates primarily to the Company's operating activities when transactions are denominated in a different currency from the Company's functional currency.

The Company's foreign currency exposure are denominated in US Dollar, Pound Sterling, Euro and Japanese Yen which arise mainly from foreign exchange imports, exports and foreign currency borrowings.

INDEPENDENT AUDITOR'S REPORT

To The Members of NRB INDUSTRIAL BEARINGS LIMITED

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of NRB Industrial Bearings Limited ("the Parent") and the Parent's share of loss in its associates which comprise the Consolidated Balance Sheet as at 31 March 2022, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ('Ind AS'), and other accounting principles generally accepted in India, of the consolidated state of affairs of the Parent and its associates as at 31 March 2022, and their consolidated loss, their consolidated total comprehensive loss, their consolidated cash flows and their consolidated changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing specified under section 143 (10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Parent and its associates in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matter described below to be the key audit matter to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response
1	<p>Inventory - Provision for slow and non-moving inventory of finished goods.</p> <p>The Parent is in the business of manufacturing of industrial bearings.</p> <p>Determination of saleability of slow moving and non-moving Finished Goods inventory involves significant management judgment and estimate.</p> <p>The Parent has certain non-moving finished goods inventory as at 31 March 2022 lying at factory. This inventory is physically verified quarterly by the Parent. Management applies judgment in determining the appropriate provisions for such slow and non-moving finished goods inventory</p>	<ol style="list-style-type: none"> We have evaluated the design and tested the implementation of internal controls including operating effectiveness of such internal controls on the management's judgements exercised for provisions made and underlying data, assumption used and record maintained for determination of saleability of slow moving and non-moving finished goods. We have evaluated the design and tested the implementation and operating effectiveness of review controls on the reasonableness of sales projections for the slow moving Finished Goods inventory. We have performed audit procedures directly on the information (such as inventory ageing report amongst others) which is being relied upon by the management.

<p>based upon its detailed analysis of old inventory, net realizable value, quarterly movement of such inventory, its physical condition, future use and sales projections for the said inventory. Accordingly determining the saleability of such slow / non-moving inventory and consequently, the amount of provision required for such inventory requires the Parent to make significant judgment and estimates and therefore has been considered as a key audit matter.</p> <p>Refer to Note 2(f) and 11 of the consolidated financial statements for the above matter.</p>	<p>This includes agreeing summary information to underlying data and tracing a selection of information from the entity's underlying data into the information as well as identifying and obtaining audit evidence to support the key assumptions underlying the estimate.</p> <p>4. We have observed physical verification of inventory conducted by the Parent during the year and on a test check basis, verified the samples of provisions made with basis, assumptions, approval and supporting documents used by the management.</p>

Information Other than the Financial Statements and Auditor's Report Thereon

- The Parent's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's report including annexures to the Director's Report, Management's Discussion and Analysis Report and Corporate Governance Report, but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon.
- Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the consolidated financial statements, our responsibility is to read the other information, compare with the financial statements of the associates audited by the other auditors, to the extent it relates to these entities and, in doing so, place reliance on the work of the other auditors and consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. Other information so far as it relates to the associates, is traced from their financial statements audited by the other auditors.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Consolidated Financial Statements

The Parent's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Parent and its Associates in accordance with the Ind AS/ Accounting Standards and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group and of its associates and jointly controlled entities/ joint ventures are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and its associates and its jointly controlled entities/ joint ventures and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, tha were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Parent as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the Parent and of its associates are responsible for assessing the ability of the respective entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate their respective entities or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the Parent and of its associates are also responsible for overseeing the financial reporting process of the Parent and of its associates.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Parent has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Parent and its associates to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Parent and its associates to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the Parent and its associates to express an opinion on the consolidated financial statements. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Parent and its associates included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the

adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit and on the consideration of the reports of the other auditors on the separate financial statements of the associates, we report, to the extent applicable that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books, returns and the reports of the other auditors.
 - c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
 - d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act.
 - e) On the basis of the written representations received from the directors of the Parent as on 31 March 2022 taken on record by the Board of Directors of the Parent and the reports of the statutory auditors of its associate companies incorporated in India, none of the directors of the Parent and its associate companies incorporated in India is disqualified as on 31 March 2022 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our separate Report in "Annexure A" which is based on the auditors' reports of the Parent. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of internal financial controls over financial reporting of the Parent. Reporting on the adequacy of Internal Financial Control Over Financial Reporting of the Company and the operating effectiveness of such controls, under section 143(3)(i) of the Act is not applicable in view of the exemption available to the associate companies in terms of the notification no. G.S.R. 583(E) dated 13 June 2017 issued by the Ministry of Corporate Affairs, Government of India, read with general circular No. 08/2017 dated 25 July 2017.
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended,

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Parent to their respective directors during the year is in accordance with the provisions of section 197 of the Act.
 - h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i) There were no pending litigations which would impact the consolidated financial position of the Parent and its associates.
 - ii) The Parent and its associates did not have any material foreseeable losses on long-term contracts including derivative contracts.
 - iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Parent and its associate companies.
 - iv) A) The respective Managements of the Parent and its associates which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us and to the other auditors of such associates respectively that, to the best of their knowledge and belief, other than as disclosed in the notes to the consolidated financial statements, no funds have been advanced or loaned

or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Parent or any of such associates to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Parent or any of such associates ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

B) The respective Managements of the Parent and its associates which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us and to the other auditors of such associates respectively that, to the best of their knowledge and belief, other than as disclosed in the notes to the consolidated financial statements, no funds have been received by the Parent or any of such associates from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Parent or any of such associates shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

C) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances performed by us and that performed by the auditors of the associates which are companies incorporated in India whose financial statements have been audited under the Act, nothing has come to our or other auditor's notice that has caused us or the other auditors to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under A) and B) above, contain any material misstatement.

v) The Parent and its associates which are companies incorporated in India, whose financial statements have been audited under the Act, have not declared or paid any dividend during the year and have not proposed final dividend for the year.

2. With respect to the matters specified in clause (xxi) of paragraph 3 and paragraph 4 of the Companies (Auditor's Report) Order, 2020 ("CARO"/"the Order") issued by the Central Government in terms of Section 143(11) of the Act, according to the information and explanations given to us, and based on the CARO reports issued by us and the auditors of respective companies included in the consolidated financial statements to which reporting under CARO is applicable, as provided to us by the Management of the Parent, we report that there are no qualifications or adverse remarks by the respective auditors in the CARO reports of the said companies included in the consolidated financial statements.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' of our report of even date to the members of NRB Industrial Bearings Limited on the consolidated financial statements for the year ended 31 March 2022)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated Ind AS financial statements of the Company as of and for the year ended 31 March 2022, we have audited the internal financial controls over financial reporting of NRB Industrial Bearings Limited (hereinafter referred to as "the Parent") as of that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Parent, which is incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Parent considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("the ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Parent's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Parent's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Parent has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2022, based on the internal control over financial reporting criteria established by the Parent considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

1. Basis of accounting and preparation of the Consolidated Financial Statements

The consolidated financial statements of the Company comprising of Balance Sheet, Statement of profit or loss, Statement of changes in Equity and Cash Flow Statement together with the notes have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) [the Companies (Indian Accounting Standards) Rules, 2015] as amended and other relevant provisions of the Act.

All values are rounded off to the nearest lakhs.

The consolidated financial statements are presented in Indian currency (INR) which is the Company's functional and presentation currency.

The consolidated financial statements were approved for issue by the board of directors on 24 May, 2022.

The consolidated financial statements have been prepared on an accrual basis under the historical cost convention except for certain financial instruments which have been measured at fair value at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for leasing transactions that are within the scope of Ind AS 116, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

For financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the

significance of the inputs to the fair value measurement in its entirety, which are described as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;

Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3 inputs are unobservable inputs for the asset or liability.

i. Principles of consolidation

The consolidated financial statements relate to the Company and share of profit / loss in its associate. The consolidated financial statements have been prepared on the following basis:

- a) The consolidated financial statements include the share of profit / loss of the associate company which has been accounted for using equity method as per Ind AS 28 "Investments in Associates and Joint ventures". Accordingly, the share of profit/ loss of the associate company (the loss being restricted to the cost of investment) has been added to / deducted from the cost of investments.
- b) The difference between the cost of investment in the associate and the share of net assets at the time of acquisition of shares in the associate is identified in the consolidated financial statements as Goodwill or Capital reserve as the case may be.
- c) The following associate have been considered in preparation of consolidated financial statements.

Particulars	Country of Incorporation	% of ownership interest
NRB – IBC Bearings Private Limited (NIBC)	India	35%
Korta Engineering India Private Limited (Korta India)	India	35%

ii. About the holding company:

The Company was incorporated on 24th day of February, 2011 as a Private Limited Company under the provisions of the Companies Act, 1956 (the 1956 Act) .On the acquisition of equity shares of the Company on 4th November, 2011 by NRB

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

Bearings Limited, a public limited company, the Company in terms of Section 3 (1) (iv) (c) of the 1956 Act became a Public Limited Company and the name of the Company was changed from “NRB Industrial Bearings Private Limited” to “NRB Industrial Bearings Limited”.

The Scheme of Arrangement (the Scheme) for the transfer of Industrial Bearings Undertaking of NRB Bearings Limited (NRB) to the Company under section 391 to 394 read with section 100 to 103 of the Companies Act, 1956 was sanctioned by the Hon'ble High Court of Judicature, Bombay on 24th August 2012. The Scheme, which has become operative from 25th September, 2012 upon filing of the certified copies of the Orders of the Hon'ble High Court with the Registrar of Companies became effective from 1st October, 2012 (the Appointed Date). Pursuant to the Scheme, with effect from the Appointed date the Industrial Bearings Undertaking of NRB is transferred and vested in the Company as a going concern, with all its assets, liabilities, properties, rights, benefits and interest therein subject to existing charges thereon.

In terms of the Scheme, in consideration of the transfer and vesting of the Industrial Bearings Undertaking of NRB, in respect of every 4 equity shares of Rs. 2 each, held by the shareholders of NRB, 1 equity share of Rs. 2 each fully paid up aggregating 24,230,650 equity shares have been issued and allotted on 31st October, 2012, to the shareholders of NRB whose names appeared in the Register of Members, as on 25th October, 2012, being the record date.

All the staff, workmen and employees of Industrial Bearings Undertaking of NRB in service as on 1st October, 2012 have become staff, workmen and employees of the Company without any break in their service.

In terms of the Scheme, the Company recorded all the assets and liabilities pertaining to the Industrial Bearings Undertaking, at the respective book values appearing in the books of NRB as on the Appointed Date. The Company credited to its share capital account, the aggregate face value of the equity shares issued by it pursuant to the Scheme. The difference of Rs. 5,700.16 lakhs between excess of net assets and the amount credited as share capital after adjusting the cancellation of existing share capital of the Company held by NRB has been credited to Capital Reserve. The equity

shares allotted have been listed on the Bombay Stock Exchange and the National Stock Exchange on 9th April, 2013.

The Company is engaged in the business of manufacturing and selling of all types of industrial bearings.

The address of its registered office is 2nd floor, Dhannur building, 15, Sir P.M. Road, Fort, Mumbai – 400 001, Maharashtra, India.

The Company has formal Plan for improving profitability of the Company, which mainly includes increase in sales and reduction in operating expenses which are based on board approved projections. Based on the above and commitment of financial support from its promoter director to meet financial obligations as they fall due over the next twelve months, the financial statement of the Company are prepared on a going concern basis.

2 Significant accounting policies

a. Property, plant and equipment

Property, plant and equipment are stated at cost of acquisition, including any attributable cost for bringing the asset to its working condition for its intended use less accumulated depreciation and less accumulated impairment, if any. Cost includes financing cost relating to borrowed funds attributable to the construction or acquisition of qualifying tangible assets upto the date the assets are ready for use.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Gains or losses arising from derecognition of property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of profit or loss when the asset is derecognized. The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Depreciation on tangible property, plant and equipment is calculated on straight line basis based on the useful life in accordance with part C of schedule II of the Companies Act, 2013 other than the following assets class for which useful life has been determined based on technical advice, taking into account the nature of the asset,

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

the estimated usage of the asset, the operating conditions of the asset, etc.

	Assets	Useful life in years
a)	Plant and Machinery	20
b)	Furniture and Fixtures	15
c)	Electrical Installations	20
d)	Computers	6
e)	Vehicles	10

b. Intangible assets acquired separately

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses, if any. Amortisation is recognised on straight line basis over their estimated useful life of 6 years. The estimated useful lives and amortisation method are reviewed at the end of each reporting period, with the effects of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment loss.

c. Impairment of assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is

recognised immediately in Statement of profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in Statement of profit or loss.

d. Foreign currencies

In preparing the financial statements of the Company, transactions in currencies other than the Company's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions or at rates that closely approximate the rate at the date of the transaction. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated. Exchange differences on monetary items are recognised in the Statement of profit or loss in the period in which they arise.

e. Inventories

Inventories are valued at lower of cost (on weighted average basis) and the net realizable value. Cost comprises of all costs of purchase, conversion and other costs incurred in bringing the inventories to their present location and condition. Costs of conversion and other costs are determined on the basis of standard cost method adjusted for variances between standard costs and actual costs.

Net realizable value represents estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

f. Revenue recognition

Revenue is measured based on transaction price, which is the fair value of the consideration received or receivable, stated net of discounts, returns and goods and service tax. Transaction price is

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

recognised based on the price specified in the contract, net of the estimated sales incentives/ discounts.

Sale of goods

Revenue from contract with customers is recognised when the Company satisfies performance obligation by transferring promised goods to the customer. Performance obligations are satisfied at the point of time when the customer obtains controls of the asset.

Sale of services

Sale of services are recognised on rendering of such services.

Dividend and interest income

Dividend income from investments is recognised when the shareholder's right to receive payment has been established. Interest income is accounted on time proportionate basis.

Rental income

The Company's policy for recognition of revenue from operating leases is described in note 2 g. below.

g. Leasing

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

The Company as lessor

When the Company acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases. The Company recognises lease payments received under operating leases as income on a straight-line basis over the lease term as part of 'other income'.

The Company as lessee

At inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. The

Company recognises a right-of-use asset and a lease liability at the lease commencement date except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the lease payments associated with these leases are recognised as an expense on a straight-line basis over the lease term. Lease term is a non-cancellable period together with periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option.

The right-of-use asset is initially measured at cost at the commencement date. At the commencement date, the lease liability is measured at the present value of the lease payments that are not paid at that date. The lease payments are discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. The Company uses its incremental borrowing rate as the discount rate.

After the commencement date, the right-of-use asset is measured at cost less any accumulated depreciation and any accumulated impairment losses, and the lease liability is measured by (i) increasing the carrying amount to reflect interest on the lease liability; (ii) reducing the carrying amount to reflect the lease payments made; and (iii) remeasuring the carrying amount to reflect any reassessment or lease modifications, or to reflect revised in-substance fixed lease payments.

h. Employee benefits

Retirement benefit costs and termination benefits:

Payment to defined contribution retirement benefit plans are recognised as an expense when employees have rendered service entitling them to the contributions.

Contributions to Provident and Family Pension Fund and Superannuation scheme, a defined contribution plan are made as required by the statute and expensed in the Statement of profit or loss.

For defined benefit retirement plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

valuations being carried out at the end of each annual reporting period. Remeasurement, comprising actuarial gains and losses is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognised in the other comprehensive income is reflected immediately in retained earnings and is not reclassified to Statement of profit or loss. Past service cost is recognised in Statement of profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the defined benefit liability. Defined benefit costs are categorised as follows

- service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- net interest expense or income; and
- remeasurement

The Company presents the first two components of defined benefit costs in the Statement of profit or loss in the line item "Employee benefits expense". Curtailment gains and losses are accounted for as past service cost.

The retirement benefit obligation recognised in the balance sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

A liability for the termination benefit is recognized at the earlier of when the entity can no longer withdraw the offer of the termination benefit and when the entity recognizes any related restructuring costs.

Short-term and other long-term employee benefits:

Liabilities recognized in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange of related service.

Liabilities recognized in respect of other long-term employee benefits are measured at present value of the estimated future cash outflows expected to

be made by the company in respect of services provided by employee upto the reporting date.

i. Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. All other borrowing costs are recognised in profit or loss in the period in which they are incurred. Costs in connection with the borrowing of funds to the extent not directly related to the acquisition of qualifying assets are charged to the Statement of Profit and Loss over the tenure of the loan.

j. Taxes on Income

Income Tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the Statement of profit or loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses could be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on the tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax for the year:

Current and deferred tax are recognized in the Statement of Profit or Loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

k. Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

l. Earnings Per Share

Basic earnings per share is computed by dividing the profit / (loss) after tax available for equity shareholders by the weighted average number of equity shares outstanding during the period.

m. Cash and cash equivalents:

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

n. Cash Flow Statement :

Cash flows are reported using the indirect method, whereby profit/ (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

o. Financial instruments

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of profit or loss.

Financial assets:

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace. All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Impairment of financial assets:

The Company applies the expected credit loss model for recognising impairment loss on financial assets. With respect to trade receivables, the Company measures the loss allowance at an amount equal to lifetime expected credit losses. Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

Derecognition of financial assets:

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in the Statement of profit or loss if such gain or loss would have otherwise been recognised in the Statement of profit or loss on disposal of that financial asset.

Financial liabilities and equity instruments**Classification as debt or equity**

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all its liabilities. Equity instrument issued by the Company are recognised at the proceeds received, net of direct issue costs. Repurchase of the Company's own equity instrument is recognised and deducted directly in equity. No gain or loss is recognised in the Statement of profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

Compound financial instruments

The component parts of compound financial instruments issued by the Company are classified separately as financial liabilities and equity in accordance with the substance of the contractual arrangements and the definitions of financial liability and an equity instrument. At the date of issue, the fair value of liability component is

estimated using the prevailing market interest rate for similar non-convertible instruments. This amount is recognised as a liability on an amortised cost basis using the effective interest method until extinguished at the instrument's maturity date. Equity is determined by deducting the amount of the liability component from the fair value of the compound financial instrument as a whole. This is recognised and included in equity, and is not subsequently remeasured. Transaction costs that relate to the issue of the instrument are allocated to the liability and equity components in proportion to the allocation of the gross proceeds. Transaction costs relating to the equity component are recognised directly in equity. Transaction costs relating to the liability component are included in the carrying amount of the liability component and are amortised over the lives of the instrument using the effective interest method.

Financial Liabilities

All the financial liabilities are subsequently measured at amortised cost using the effective interest method or at fair value through profit or loss, depending on the classification of the financial liabilities.

Derecognition of financial liabilities:

The Company derecognises financial liabilities when, and only when, the Company's obligation are discharged, cancelled or have expired. An exchange between the lender of debt instrument with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the term of an existing liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the Statement of profit or loss.

Derivative financial instruments:

The Company enters into derivative contracts to manage its exposure to foreign exchange rate risk and interest rate risk, including call spread currency option and interest rate swap. Derivatives are initially

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

recognised at fair value at the date the derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in the Statement of profit or loss immediately.

p Investment in Associates

An associate is an enterprise in which the Group has significant influence. Significant influence is the power to participate in the financial and/ or operating policy decisions of the investee but not control or joint control over these policies.

The results and assets and liabilities of associates are incorporated in these consolidated financial statements using the equity method of accounting, except when the investment, or a portion thereof is as held for sale, in which case it is accounted for in accordance with Ind AS 105. Under the equity method, an investment in associate is initially recognised in the Consolidated Balance Sheet at cost and adjusted thereafter to recognise Group's share of profit or loss and other comprehensive income of the associate. Distributions received from an investee reduce the carrying amount of the investment. When the an Group's share of losses of an associate equals or exceeds the carrying amount of the investment, the Group discontinues recognising its share of further losses. Additional losses are recognised only to the extent that the Group has incurred obligations or made payments on behalf of the associate.

An investment in an associate is accounted for using the equity method from the date on which the investee becomes an associate. On acquisition of the investment in an associate, any excess of the cost of the investment over the Group's share of net value is recognised as goodwill, which is included within the investment, after reassessment, is recognised directly in equity as capital reserve in the period in which investment is acquired.

After application of the equity method of accounting, the Group determines whether there is any objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the net investment in an associate and that event (or events) has an impact on the estimated future cash flow from the net investment that can be reliably estimated. If there exists such an objective evidence of impairment, then it is

necessary to recognise impairment loss with respect to the Group's investment in an associate.

3 Use of estimates and judgments

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses etc. at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

In particular, information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements are included in the following notes:

Note No.2.a	Property, plant & equipment
Note No.2.b	Intangible assets acquired separately
Note No.2.h	Employee benefits

4 Estimation of uncertainties relating to the global health pandemic from COVID-19 (COVID-19):

The COVID 19 spread has severely impacted businesses around the world. In many countries, including India, there has been severe disruption to regular business operations due to lock down restrictions and other emergency measures imposed by the Government. The Company has resumed its business operations in a phased manner as per Government directives. The Company has made a detailed assessment of its liquidity position for one year and of the recoverability and carrying value of its assets including Property, Plant and Equipment, Trade Receivables, Inventory and Investments as at the Balance Sheet date, and has concluded that there are no material adjustments required in the Financial Statements for the year ended March 31, 2022.

Trade Receivables :

In assessing recoverability of trade receivables, the Company has considered subsequent recoveries, past trends, credit risk profiles of the customers based on their industry, macroeconomic forecasts and internal

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

and external information available up to the date of issuance of these financial statements to estimate the probability of default in future and has taken into account estimates of possible effect from the pandemic relating to COVID-19.

Inventories :

In assessing the recoverability of inventories, the Company has considered the latest selling prices, customer orders on hand and margins adjusted to reflect current and estimated future economic conditions also taking into account estimates of possible effect from the pandemic relating to COVID-19.

Revenue from Contracts with Customers:

The Company has evaluated the impact of COVID-19 resulting from (i) the possible constraints to continue its operations and revisions in costs to fulfill the pending obligations (ii) onerous obligations (iii) penalties, if any, relating to breaches of agreements and (iv) termination or deferment of contracts by customers. The Company has concluded that the impact of COVID-19 is not material based on these estimates. Due to the nature of the pandemic, the Company will continue to monitor developments to identify significant uncertainties relating to revenue in future periods.

Management believes that it has taken into account all the possible impact of known events arising from COVID 19 pandemic in the preparation of the Financial Statements for the year ended March 31, 2022. However, the estimated impact of global health pandemic might vary from the date of approval of these financial statement and the Company will continue to monitor any material changes to future economic conditions.

5 Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time.

On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, as below:

Ind AS 16 – Property Plant and equipment - The amendment clarifies that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2022. The Company has evaluated the amendment and there is no impact on its financial statements.

Ind AS 37 – Provisions, Contingent Liabilities and Contingent Assets – The amendment specifies that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2022, although early adoption is permitted. The Company has evaluated the amendment and the impact is not expected to be material.

Note 35 : Employee Benefits
Brief description of the Plans:
1) Defined contribution plans :
a) Provident and Family Pension Fund

The eligible employees of the company are entitled to receive post employment benefits in respect of provident and family pension fund, in which both employees and the company make monthly contributions at a specified percentage of the employees' eligible salary (currently 12% of employees' eligible salary). The contributions are made to the Regional Provident Fund Commissioner. Provident Fund and Family Pension Fund are classified as Defined Contribution Plans as the company has no further obligations beyond making the contribution

b) Superannuation

The eligible employees of the company are entitled to receive post employment benefits in respect of superannuation scheme, in which the company makes quarterly contributions at 15% of employees' eligible salary. Superannuation scheme is classified as Defined Contribution Plan as the Company has no further obligations beyond making the contribution.

The Company has recognized, in the Statement of profit and loss for the year, an amount of Rs. 97.69 lakhs (March 31, 2021 Rs. 78.94 lakhs) as expenses under defined contribution plans.

(Rs. in lakhs)

Total	97.69	78.94

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022**2) Defined Benefit Plans : (Gratuity Funded)**

The Company has an obligation towards gratuity, a funded defined benefit retirement plan covering eligible employees. The plan provides for lump sum payment to vested employees at retirement, death while in employment or on termination of the employment of an amount equivalent to 15 days salary, as applicable, payable for each completed year of service, without any payment ceiling. Vesting occurs upon completion of five years of service.

Nature of benefits:

The gratuity benefits payable to the employees are based on the employee's service and last drawn salary at the time of leaving. The employees do not contribute towards this plan and the full cost of providing these benefits are met by the Company.

Regulatory framework:

There are no minimum funding requirements for a gratuity plan in India. The trustees of the gratuity fund have a fiduciary responsibility to act according to the provisions of the trust deed and rules. Since the fund is income tax approved, the Company and the trustees have to ensure that they are at all times fully compliant with the relevant provisions of the income tax and rules. Besides this if the Company is covered by the Payment of Gratuity Act, 1972 then the Company is bound to pay the statutory minimum gratuity as prescribed under this Act.

Governance of plan:

The Trust established for the purpose, has arrangement with Insurance Company (currently HDFC Standard Life Insurance Company Limited) for future payments of gratuities on behalf of the Trust.

Inherent risk

The plan is of a final salary defined benefit in nature which is sponsored by the Company and hence it underwrites all the risks pertaining to the plan. In particular, there is a risk for the Company that any adverse salary growth or demographic experience or inadequate returns on underlying plan assets can result in an increase in cost of providing these benefits to employees in future. Since the benefits are lump sum in nature the plan is not subject to any longevity risks.

The most recent actuarial valuation of the present value of the defined benefit obligation was carried out at March 31, 2022 by an independent actuary. The present value of the defined benefit obligation, and the related current service cost and past service cost, were measured using the projected unit credit method.

A. Principal actuarial assumptions used:

Particulars	Year ended March 31, 2022	Year ended March 31, 2021
Discount Rate	6.98% p.a.	6.44% p.a.
Expected return on plan assets	6.98% p.a.	6.44% p.a.
Salary escalation rate	5.00% p.a.	5.00% p.a.
Attrition rate	7.45 % p.a	8.00 % p.a
Mortality Rate During Employment	Indian Assured Lives Mortality (2012-14) (Urban)	Indian Assured Lives Mortality (2006-08) (Ultimate)

The estimate of future salary increases, considered in actuarial valuation, takes account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

H. Sensitivity Analysis

Gratuity is a lump sum plan and the cost of providing these benefits is typically less sensitive to small changes in demographic assumptions. The key actuarial assumptions to which the benefit obligation results are particularly sensitive to are discount rate and future salary escalation rate. The following table summarizes the impact on the reported defined benefit obligation at the end of the reporting period arising on account of an increase or decrease in the reported assumption by 100 basis points.

These sensitivities have been calculated to show the movement in defined benefit obligation in isolation and assuming there are no other changes in market conditions at the accounting date. There have been no changes from the previous periods in the methods and assumptions used in preparing the sensitivity analyses.

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

(Rs. in lakhs)

Principal assumptions	Year	Changes in assumption	Impact on defined benefit obligation	
			Increase in assumption	Decrease in assumption
Discount rate	2022	1%	(14.85)	16.94
	2021	1%	(12.83)	14.69
Salary escalation rate	2022	1%	17.11	(15.24)
	2021	1%	14.75	(13.11)

The above sensitivity analyses are based on change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

Note 39 : Capital management and Risk management**I Capital Management**

The Company's capital management strategy is to effectively determine, raise and deploy capital so as to create value for its shareholders. The same is done through a mix of either equity and/or preference and/or combination of short term /long term debt as may be appropriate. The Company determines the amount of capital required on the basis of its product, capital expenditure, operations and strategic investment plans. The same is funded through a combination of capital sources be it either equity and/or preference and/or combination of short term/long term debt as may be appropriate.

II Financial Risk Management Framework

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk . In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

A CREDIT RISK

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022
Trade receivables

Customer credit risk is managed as per the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on payment performance over the period of time. The Company's exposure of its customers are continuously monitored based on the customer's past performance and business dynamics. Credit exposure is controlled by customer's credit limits that are reviewed and approved by the management at regular intervals.

An impairment analysis is performed at each reporting date. The Company applies the simplified approach to providing for expected credit losses prescribed by Ind AS 109, which permits the use of the lifetime expected loss provision for all trade receivables. The Company has computed expected credit losses based on a provision matrix which uses historical credit loss experience of the Company and where applicable, specific provisions are made for individual receivables.

B LIQUIDITY RISK
(i) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The Company manages liquidity risk by way of banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(ii) Maturities of financial liabilities

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities. The amount disclosed in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows. To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the Company may be required to pay.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

Interest Rate sensitivity

Interest rate risk is the risk that the fair value of future cash flows of a financial instruments will fluctuate because of changes in market interest rate. As at March 31, 2022 and as at March 31, 2021 the Company does not have significant interest rate risk as the Company's debt obligations are with fixed interest rates.

C Market Risks

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. The Company uses derivatives to manage any significant market risks. Derivatives are only used for economic hedging purposes and not as speculative investments. All such transactions are carried out within the guidelines set by the Board of Directors.

(i) Currency Risk

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. The Company's exposure to currency risk relates primarily to the Company's operating activities when transactions are denominated in a different currency from the Company's functional currency.

The Company's foreign currency exposure are denominated in US Dollar, Euro and Japanese Yen and Emirati Dirham which arise mainly from foreign exchange imports, exports and foreign currency borrowings.

As at the end of the reporting period, the carrying amounts of the company's foreign currency denominated financial assets and financial liabilities are as follows:
